REPORT OF THE TRUSTEES OF TRUST FUNDS OF THE TOWN OF KINGSTON FOR THE YEAR 1958

Report of the Trustees of Trust Funds, Town of Kingston, N. H., including work done by the Town to improve and maintain our five public cemeteries.

The Town at the last Town Meeting voted to take over the West Kingston Cemetery. Since taking over this cemetery we have mapped, cleared and planted the vacant property adjoining the eastern end of this cemetery. This adds approximately 300 new plots of 10'x10' and 10'x20'.

In the Mill Hill Cemetery a large tree blew down across several monuments. This was removed and the monuments reset. About one half of the wire fence on the south side was replaced by new fence wire donated by Miss Lizzie Bartlett.

In the Kingston Plains Cemetery a new section of wire mesh fence was installed on the west side and the grounds graded and planted to meet it. In the entire cemetery all of the bushes were cut down and the roots were pulled out. A large number of the very old head stones were lined up into rows as they should be and undoubtedly were originally.

In the Happy Hollow Cemetery some of the head stones were re-set to improve the general appearance.

In the Greenwood Cemetery we added thirty new 10'x20' plots which will have to have concrete markers installed next year.

All of the grass in all of the cemeteries was mowed twice. Next year we hope to mow three times so that they will look better in the fall and winter.

As soon as possible we hope to install fencing along the road at the West Kingston Cemetery, also to drive a well point and install a hand pump so that water will be available. We are planning to put in concrete corner markers for the new roads and some of the new plots.

Four new Trust Funds were established as follows:

Jerry Tucker plot in the South section of the Kingston Plains Cemetery.

Luther D. Peaslee plot in the South section of the Kingston Plains Cemetery.

Fred E. Wood plot in the North section of the Kingston Plains Cemetery.

Samuel C. Marshall plot in the North section of the Kingston Plains Cemetery.

Eleven cemetery plots were sold in the Greenwood Cemetery, as follows: 2 double plots — 6 standard plots and 3 half plots.

REPORT OF LIBRARIAN

The records show that three times as many children as adults used the library in 1958. It is interesting to note the increase in demand for non-fiction, especially among juveniles.

We have had excellent collections, including Arts and Crafts, The Middle East, Nature and Science from the N. H. State Library, and many special books have been borrowed during the year.

The new "walk-in" Bookmobile first visited us in May.

The pupils and teacher of the first grade of the Bakie School visited the library during National Library Week.

During National Book Week Mrs. Gladys Larson brought her pupils of the Holiday Kindergarten to the library for a story hour and instruction in the use of the library. There was a special exhibit of new books from the State Library.

The librarian attended a very interesting District Meeting in Pelham on October 30.

The following books were purchased with money received from fines, amounting to \$33.58: How to Make Braided Rugs, Altpeter; Rainbow Book of Art, Craven; Child Life in Colonial Days, Earle; The Arctic Year, Freuchen; Introduction to Trees, Kieran; Treasury of Natural History, Parker; Complete Boating Handbook, Scharff; The First Mammals, Scheele; Men of Medicine, Shippen; Colonial Living, Tunis.

We wish to express thanks and appreciation to the following for books donated during 1958:

Miss Sally Childs, Andrew Christie, Mrs. George Flynn, Kingston Garden Club, Harry Jackson Estate, Mrs. Aaron Kalman, Mrs. Charles Meeks, Walter Prescott, Miss Alberta Smith and Mrs. Mildred Wood.

Respectfully submitted,

GLADYS M. MERRICK,

Librarian

REPORT OF POLICE DEPARTMENT

Four road checks conducted with State Police, assisted by Auxiliary police.

Three vagrants removed, one arrested.

Four motor vehicle court cases, forty warnings.

Three drunk and disorderly conduct complaints, two resulting in court action. Six months confinement in house of correction on each count.

Several breaks during the year at summer cottages, also one at Camp Lincoln.

Assisted Sheriff's Dept. on several occasions in apprehending escapees.

Two missing children, both found.

During the year, an Auxiliary Police Force was formed through Civil Defense. Approximately twelve men are uniformed and ready to assist in any emergency. They have been very cooperative in checking summer cottages with the regular police, a practice that we have adopted this last winter. The Director of the Civil Defense unit is Fred Tewksbury, Jr. with Chandler West as Chief and Warren Smith, assistant chief. Monthly meetings are held at the Old Fire Station on Depot Street.

Respectfully submitted,

NEWELL V. PITKIN,

Chief of Police

ANNUAL REPORT OF FIRE DEPARTMENT

The department responded to 24 calls last year, 19 in town, 5 out of town and 3 for the resuscitator.

In line with our policy for trying to maintain up-to-date and efficient equipment, this past year we replaced the old Ford truck with a 1,000 gal. G.M.C. tank truck; we installed a new Barton American 500 g.p.m. front end pump on the Chevrolet truck, and have purchased foam equipment to be used in combating gas and oil fires.

At the present time, our department consists of four trucks: a G.M.C. 1,000 gal. tanker, a G.M.C. 2,000 gal. tanker, a Diamond-T pumper and a Chevrolet combination.

Much of this equipment has been purchased thru the efforts of the Firemen's Association which has raised money to supplement the department budget.

The jeep was sold with the intent of buying a rescue wagon which we felt would be of greater benefit to the community.

The Ladies' Auxiliary donated a stretcher and blankets to the department and we want to thank them for this much-needed gift. We also want to express our appreciation to those who have made other donations to the department.

May we remind you that according to the fire laws of this state, permission to have outside fires must be obtained from the Fire Warden, and permits to install oil burners and fuel tanks are issued by the chief.

The fire phone number is MI-2-5512, and we request that this number be used only for reporting fires or other emergencies.

We would also like to stress the importance of reporting a fire as soon as it is discovered, as minutes are invaluable. Don't wait!

This is an entirely volunteer department—with no one receiving any money for his time and services—but we are always ready to be of assistance when needed.

Respectfully submitted,

ALFRED L. MOORE,

Chief K. F. D.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Many parents have asked how homework fits into the educational picture of Kingston. Although there are many people who denounce all home assignments and will continue to denounce them, home study has had and continues to have a traditional place in our American educational system. Though it may change form from time to time and from generation to generation, it seems likely that some form of home study will be maintained. Most school systems throughout the country continue to give home assignments in one form or another.

When homework is assigned, it is important for the teacher to check upon this work, to see that it is actually accomplished, and to note that something is achieved thereby. Regardless of whether it be a home study assignment or a classroom assignment, the assignment made by the teacher must be called for by him. Little or no desirable learning is achieved when teachers make assignments and then rarely hold students responsible for them.

The amount of time that a child is expected to spend in home study varies greatly in different localities. In Kingston, I believe that a maximum should not exceed two hours in the upper grades, and one hour in the intermediate grades. None should be given in the primary grades.

When homework involves writing or study, it is highly important that the child have a definite place to do it. He certainly will not get much accomplished if home assignment must be made in the family living room with other people either televising, listening to the radio, or carrying on different types of conversation.

Once the child realizes that homework is his own responsibility, it will be wiser for the parents to allow him to arrange the time he wishes to provide for it, and then observe whether he holds to the time agreed upon. If the child learns to budget his time, he will see to it that the home study is not neglected.

When work is assigned to be written it is of the utmost importance that the child do the work himself, rather than copy it after someone else has worked it out for him. When the latter occurs, little, if any, real learning takes place. The child only learns to get others to do his work. If the child has difficulty with a certain problem or other point in the assignment, a parent might help him over a difficulty by explaining the matter to him. This is entirely different from copying out answers worked by someone else, without understanding how they were achieved.

Homework can greatly aid in the development of the child's character and personality as well as his academic achievement. Properly assigned and properly fulfilled, home study can build habits of self-reliance and responsibility and, when group assignments are made, of co-operation and working with others. Again, when the nature of the assignment is such as to permit it, a considerable amount of learning in related areas can be achieved.

Our school lunch program under the direction of Mrs. Towne is one of which we can be proud. Mrs. Towne is providing well balanced meals for your children. This is evidenced by the large number of children who partake of these meals.

Even though the children and faculty have had to work under trying conditions (the building of the new

addition), this has been a good year at the Bakie School. The teaching staff, under the direction of Principal Field, deserves much praise.

In closing, I thank the children, Principal and teachers for their efforts in making the educational program successful. I also thank the Citizens and School Board for their part in making my task a pleasant one.

Respectfully submitted,

GEORGE P. SULLIVAN

Superintendent of Schools

REPORT OF SCHOOL NURSE

To the Superintendent, School Board
members, and Citizens:

The school health program of 1958-59 began with three preschool clinics at the Town Hall. These were held in conjunction with the State Dept. of Health. Parents of preschool children were given the opportunity of bringing them for physicals, various shots, and vaccination for smallpox. Attendance was good.

Eye and ear testing are nearly completed. These programs have been greatly facilitated by the up-to-date pieces of apparatus which were recently purchased by the School Union.

Opportunities for informal health teaching were taken advantage of, and home visits were made by the nurse concerning physical defects.

Commendation is again due Mrs. Towne for the fine lunch program which she supervises.

The dental clinics continue to be a part of the total health program. Because of the generosity of your P. T. A., together with the state matching fund, a good percentage of children benefit who would not otherwise be able to have dental care. Mrs. Hazel Sims was most generous with her car and time, doing all of the transporting of these children to Exeter once each week for ten weeks. The dental program deserves the support of all who can give to it.

Parents and teachers as usual have been most co-operative, helping to make Kingston a pleasant place in which to be school nurse-teacher.

Respectfully submitted,
CONSTANCE J. HUSS, R. N.
